About Me

I have a solid understanding of front-end technologies such as HTML, CSS, and JavaScript, allowing me to create visually appealing and responsive web applications. Additionally, my expertise in React and Tailwind CSS enables me to build modern and user-friendly interfaces.

Project

Your Shoes (Website) | 1 Week

Our interactive web application is a dynamic and user-friendly platform built using cutting-edge technologies such as HTML, CSS, JavaScript, Tailwind CSS, and React. This project seamlessly integrates various features and functionalities to provide a rich and engaging user experience.
